## PRODUCT GUIDANCE SHEET

### BRAKES CONCENTRATED FLOOR CLEANER

A powerful detergent cleaner formulated to remove the heaviest soil deposits and ingrained grime from all types of hard floors. To aid product recognition the Brakes Concentrated Floor Cleaner product label, the solutions, both concentrated and diluted, and the label on the trigger bottle are orange.

Product Name: BRAKES CONCENTRATED FLOOR CLEANER  
Description: Super concentrated odourless floor cleaner and maintainer  
Pack Size(s): 4x2ltr  
Pallet Size(s): 64  
Product Code(s): A84794

### HOW TO USE

Suitable for a wide variety of cleaning operations in housekeeping and building services applications as a damp wipe, surface/floor cleaner. It is also suitable for use as a damp wipe cleaner on all hard surfaces. This product is non-biocidal and is therefore suitable for domestic floor cleaning applications in hospitals.

The mildly alkaline formulation is approved by Altro Flooring (tested in accordance with the Altro Evaporation Test at 25:1\*) and is therefore likely to be safe to use on all similar types of safety flooring at the stated dilution. For best results, flooring manufacturers often recommend rinsing the floor with water after cleaning and leaving to air dry.

\*When tested to the Altro Evaporation Test: (Method 2, Doc No: 10.13), the Brakes Concentrated Floor Cleaner solution, did not appear to cause staining or chemical/surface damage to any of the tested floor samples.

Brakes Concentrated Floor Cleaner must be diluted before use using a Brakes bucket fill dispenser. To prepare a bucket of cleaning solution, use the dispenser to add two to four plunges of orange Brakes Concentrated Floor Cleaner to a bucket of warm water, depending upon the degree of soiling; or dispense using an automatic chemical/water mixing station.

### Bucket Fill Instruction:

1. Pull GREEN lever in an upward direction until it CLICKS to prime the unit.
2. Pull lever towards you in an upward direction until it CLICKS. This is now ready to dispense.
3. To dispense product PUSH lever downwards. The concentrate will be dispensed into the bucket at the correct dilution to water.
4. Wait for the green indicator to reappear in the window before dispensing again. It is suggested that 2-3 plunges is sufficient product in a 23lt bucket of warm water.

The safety information below and any hazard pictograms, refer to the concentrated product as supplied. When the product is diluted as recommended, the solution is not classified as hazardous, but normal hygiene precautions are advised.

## SAFETY ADVICE – WHEN HANDLING or DISPENSING THE CONCENTRATE

**DANGER** Causes serious eye damage. Harmful to aquatic life with long lasting effects. Avoid release to the environment. Wear eye protection/face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor. **For further detailed information on this product please refer to the Safety Data Sheet.**  
**FOR PROFESSIONAL USE ONLY.**

## SAFETY ADVICE – WHEN USING THE DILUTED SOLUTION

Wearing eye protection is recommended when dispensing concentrate into bottle, but generally not needed for normal use of the cleaning solution. Wear suitable gloves. Avoid contact with eyes and skin. In case of contact with eyes, rinse immediately with plenty of water and seek medical attention. Keep out of reach of children.

### COSHH STATEMENT

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product MSDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice.
