PRODUCT GUIDANCE SHEET

BRAKES CONCENTRATED AIR FRESHENER & ODOUR NEUTRALISER

An extremely effective air odour neutraliser, which combines a long lasting floral perfume with a unique encapsulating product to completely neutralise stale odours. To aid product recognition the Brakes Concentrated Air Freshener & Odour Neutraliser product label, the solutions, both concentrated and diluted, and the label on the trigger bottle are pink.

Product Name: BRAKES CONCENTRATED AIR FRESHENER & ODOUR NEUTRALSER

Description: Super concentrated air freshener and air odour neutraliser

Pack Size(s): 4x2ltr
Pallet Size(s): 64
Product Code(s): A88644
Re-Fill Bottles: 1x6
Product Code: 88640

HOW TO USE

Suitable for use in all housekeeping, building services and residential care/lodging sectors where mal-odours are prevalent. Using the trigger bottle atomiser spray direct and spray Brakes Concentrated Air Freshener & Odour Neutraliser upwards into the corners of the room and allow to treat mal-odours.

Due to the strong residual fragrance do not over use; this should be the final product used on vacating the room after all other cleaning operations have been completed. It is safe to use on curtains, carpets and other soft furnishings.

Brakes Concentrated Air Freshener & Odour Neutraliser must be diluted before use, using a Brakes bottle fill dispenser. To prepare an air freshening solution, use the dispenser to add one plunge of pink Brakes Concentrated Air Freshener & Odour Neutraliser into the re-fill bottle in accordance with the Bottle Fill Instructions that follow, or dispense using an automatic chemical/water mixing station.

Issue Date: September 2019 Issue number: 1 Page 1 of 2

Bottle Fill Instruction:

- 1. Unscrew trigger spray from bottle and fill with water to the top of the label.
- 2. Insert bottle neck on to the dispensing nozzle and push upwards priming the unit.
- 3. Position spray bottle on the base of the drip tray to allow vending to commence.
- 4. PULL lever towards you in an upward direction until it CLICKS. This is now ready to vend.
- 5. To vend product PUSH lever downwards. The concentrate will be dispensed into the bottle at the correct dilution to water.
- 6. Remove the bottle from the base and screw trigger spray onto the bottle. Turn bottle upside down to ensure thorough mixing has occurred.
- 7. WAIT for the green indicator to reappear in the window before inserting the next bottle for vending.

The safety information below and any hazard pictograms, refer to the concentrated product as supplied. When the product is diluted as recommended, the solution is not classified as hazardous, but normal hygiene precautions are advised.

SAFETY ADVICE – WHEN USING THE DILUTED SOLUTION

Wearing eye protection is recommended when dispensing concentrate into bottle, but generally not needed for normal use of the cleaning solution. Wear suitable gloves. Avoid contact with eyes and skin. In case of contact with eyes, rinse immediately with plenty of water and seek medical attention. Keep out of reach of children.

COSHH STATEMENT

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product MSDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice.
