

HELP MAXIMIZE EQUIPMENT PERFORMANCE

Descaler

DESCRIPTION

A powerful acidic cleaner that removes limescale, that can harbour bacteria and other contaminants, from multiple surfaces to ensure a clean and safe environment and equipment running at peak performance.

- Efficiently removes mineral deposits and dirt in one simple step
- Maintain the efficiency and longevity of equipment
- Easy and versatile application

USE INSTRUCTIONS

FOR USE ON SURFACES

1. Wear suitable protective equipment when handling the product
2. Depending on the application dilute the product into water at 0.5-2% per 1L
3. Apply solution on the surface and wipe. To remove difficult stains off the floor apply pure on floor surface, leave for 10 minutes and then brush floor, always test material compatibility in a small inconspicuous area prior to application
4. Rinse with water, wipe with a clean damp cloth or mop

FOR USE IN DISH MACHINES

1. Attention: Switch off detergent dosage system, leave air extraction on
2. Wear suitable protective equipment when handling the product
3. Drain all wash tanks and fill with fresh water
4. Dilute Descaler at 5-10% into wash tank
5. Turn the dishwashing machine on
6. Let the dishwasher run for 10 - 30 minutes
7. Turn the dishwashing machine off, drain all wash tanks, fill with fresh water and switch the detergent dosing system on

APPLICATION

For professional use only.

For periodical cleaning of water and acid resistant surfaces. It can be used for food preparation surfaces, in dish machines, on floors and in sanitary areas. Test material compatibility in a small inconspicuous area prior to application.
