Creating Christmas menus can be particularly challenging. Although diners will expect to see all of their traditional favourites, they'll also look for modern styles and ingredients to be incorporated.

Catering for large groups also brings a multitude of preferences, having strong vegan and gluten-free options is now essential. To help during this busy time, I have developed three perfectly balanced menus that your customers will love, whatever their price point.

Tableware

Christmas 2022 looks to be a cracker, as we return to some level of normality after the last two years. With that, our tableware range for this year includes some fantastic new additions to offer customers a truly magical experience.

We have teamed up with our partner suppliers for all things Christmas to once again bring you the latest on-trend cracker and tableware designs – from rich textures to traditional themes.

The 2022 cracker collection includes the traditional Christmas colour palette, as well as frosty, icy and rich designs that offer a point of difference for the table.

This year's Duni tableware offers the festive favourites from Christmas classic colours to glittering, rich additions that work perfectly with our offering.

TOM SMITH

In 1841 Tom Smith discovered the 'bon bon' sugared almond, wrapped in a twist of tissue paper. Seven years later this simple idea evolved into what we know now as the Christmas Cracker.

By placing a small love motto in the tissue paper and being inspired by the crackling sound of logs on the fire, there followed a lot of hard work and experimentation to come up with a crackling mechanism that created a pop as the bon bon wrapping was broken. This became the snap and the cracker was born.

As the world's largest brand of Christmas Crackers, Tom Smith are proud to lead market innovation and design, focussed on sustainability while ensuring the finest product experience.

This year our Tom Smith 2022 catering range has three core market messages;

1. No single use plastics on or in our catering 2022 range.
2. No glitter to enhance recyclability.
3. Enhanced charity donation in conjunction with our charity partner Trussell Trust.
