Keep an eye out for our 'Freezer 2 Plate' in up to 15 minute icons

In a busy kitchen we understand that every minute counts, and even more so over the festive period when demands and expectations are extremely high. The added pressure of staffing has hit hospitality businesses hard of late, and so, with this mind we've pulled out the products within our Christmas range that allow for quick, simple service in 5, 10 or 15 minutes, and use minimal kitchen skill to plate-up ready to get out on service. Wherever you see one of the icons shown on the left, you'll know your service will be a little easier.

7 NEW ARTISAN SOURDOUGH BREADS

Working closely with specialist bakery **Nicholas & Harris** to create the range, which uses a sourdough starter culture that was created in 2012 and has been fed daily since then, the result is a range of subtle flavours and

fermented characteristics that are required to produce **high quality artisan breads**.

The breads are made using traditional methods, with the majority of each loaf being hand produced, including folding, moulding and bulking. No commercial yeast is used and the bread has a long fermentation, with the loaves rising naturally, giving the typical sour flavour and open-textured crumb. Each loaf is bulked in a bespoke 'Brakes' room before being baked.

Leading the range of products is a sourdough half boule, which uses only three ingredients, flour, water and salt, and is hand-mixed to provide a unique, but commercially sustainable product.
