Delivering a better tomorrow

- We're **on target to deliver our '2ZERO20' pledge** to eliminate difficult to recycle hard black plastics from our own brand products by 2020. We've removed 97%, equating to more than a thousand tonnes
- We're **supporting Wrap's UK Plastics Pact** and were the first, and remain the only foodservice wholesaler to sign up to the four industry united targets. This includes the commitment that by 2025, 100% of our plastic packaging will be reusable, recyclable or compostable
- We are **proud to be supporting the Wrap/IGD Food Waste initiative**, an industry pledge to halve food waste by 2030
- We've **achieved ISO50001 Energy Management standard**
- We're the first foodservice supplier to offer **RSPO-accredited palm oil** to customers
- We've rolled out a **new refrigeration system** in three smaller depots, with predicted savings of 225 tonnes of carbon a year
- Brakes' Meals & More charity provided more than 100,000 meals to vulnerable children

Building on the great things we are already doing

We **continue to increase our recycling rates** – which now stand at

34%

We're **reducing food miles with a British first sourcing policy**

We've **reduced our carbon emissions by**

27% including a 3% reduction in 2019 - well on our way to meeting our revised target of a 30% reduction by 2025

We've continued to **upgrade our fleet** with more efficient lorries and a **route planning system (TMS)**

We've sent **zero to landfill since 2016**

Food Packaging Association

HIGH PROFITS LOW IMPACT

With Brakes you can capitalise on the booming food-to-go market in a way that benefits both your customers and the planet.

FOOD-TO-GO MARKET
SET TO GROW TO AROUND

£21.7BN*

BENEFIT FROM OUR INSIGHT & INNOVATION

The food-to-go market is set to reach a value of £21.7bn* in 2020, growth of +2.7% vs 2019. The forecast to 2023 for the Food to Go market is £23.4bn. **

As well as this, the growth of home delivery is increasing demand for takeaway solutions. The UK market has grown by 4% in April 2020. 50% of UK consumers are planning on using delivery services more after lockdown. ***

Within our food packaging and disposables section you will find an array of options to cater to this ever-growing market, from hot and cold cups, through to compostable containers.

Our range provides the flexibility and convenience you need, to fit your budget, facilities and customer profile.

SAFE + SECURE

Products

Personal Protective Equipment

Guidance on Personal Protective Equipment (PPE) and the products you'll need for your operation, ranging from signage, to gloves, masks, cleaning chemicals, hygiene and janitorial, is **available at brake.co.uk/news/covid-19**. All our COVID-19 customer guidance and solutions are published here, so please check in if you're looking for help or support

EVERYTHING ON ONE ORDER

We can support you in consolidating more of your product supply to Brakes, which in turn will help reduce your number of deliveries

AVAILABILITY REMAINS GOOD

Our **product availability remains good** across our network, including all our **core essentials** and we will **offer alternatives for any products should stock shortages arise**

QUALITY AND ASSURANCE

We continue to offer the highest levels of product quality and safety assurance and **retain our certification against the BRC 'Global Standard for Food Storage and Distribution'**

When to use PPE

It is important that employees know why they need PPE and are trained to use it correctly. Otherwise it is unlikely to protect as required.

- **Does it fit correctly?**
- **How does the wearer feel? Is it comfortable?**
- **Are all items of PPE compatible?**
- **Does PPE interfere with the job being done?**
- **Does PPE introduce another health risk, eg overheating, entanglement with machinery?**
- **If PPE needs maintenance or cleaning, how is it done?**

When employees find PPE comfortable they are far more likely to wear it.

Source www.hse.gov.uk/cosHH/basics/ppe.htm
<https://www.hse.gov.uk/toolbox/ppe.htm>

At Brakes, we offer a range of face coverings, gloves and other essential products to help protect you and those around you.

Protecting your employees

As businesses begin to re-open, employers will need to consider their employees PPE requirements.

In many instances, maintaining social distancing, good hand hygiene and other basic precautions will be sufficient to allow you to work, however, some workplaces will have a higher risk and therefore the Government advice should be followed.

Employers have a duty to consult their employees on health and safety; also to reduce workplace risk to the lowest reasonably practicable level by taking preventative measures (as advised by Gov.uk)

Making the workplace safe includes providing instructions, procedures, training and supervision to encourage people to work safely and responsibly.

PPE will help to reduce risks.

GO-rPET®

Embracing Sustainability

80%

Recycled Content

PINT & HALF PINT TUMBLERS • SMOOTHIE CUPS & LIDS

The new Go-rPET range of CE marked tumblers and smoothie glasses from Go Pak are a more sustainable solution to conventional plastic products.

They are made with 80% recycled content and are fully recyclable, whilst still providing great clarity, they also offer a lower carbon footprint. As such they are supporting the government's target to significantly reduce the number of virgin plastics in the markets by 2025.

In addition both product ranges can be branded to ensure your marketing message comes across.

WE ARE MAKING FOOD PACKAGING CIRCULAR

Circularity at Faerch

As the world's first supplier of food trays with integrated recycling capabilities, we have taken the lead in making food packaging truly circular. In 2019 Faerch recycled the equivalent of 15 million water bottles diverting them away from land fill and the ocean environment.

- Up to 100% recycled material
- 100% recyclable
- Energy used is 100% renewable energy
- Material sourced from own in-house recycling facility
- Reducing CO2 emissions with UK production

The Benefits are Clear

Providing safe and hygienic dispensing of film, foil and baking parchment, the benefits of Wrapmaster® are clear...

A 21959 - 1x 45cm

A 21961 - 1x 30cm

A 114650 - 1x 45cm

Wrapmaster® cling film helps to protect flavour, improve shelf life and reduce food waste.

Wrapmaster® foil is 100% recyclable.

Wrapmaster® baking parchment is unbleached with raw materials sourced from sustainable forests.

Wrapmaster® reduces packaging waste with multi-pack cartons vs individual cardboard cutter boxes.
