

## Halal Meat & Poultry Products

February 2025

---

Sysco GB sell a range of own brand & supplier brand meat & poultry products that are compliant with below requirements:

- Produced from meat and poultry that has been slaughtered under the control of a licensed Muslim slaughter man with a cut severing the main arteries.
- Produced from meat and poultry that has been humanely slaughtered and is compliant with EU and UK law.
- Produced from meat and poultry where the animals have been stunned before slaughter.
- Produced in a specific facility or area that excludes products containing pork to prevent the possibility of any cross-contamination together with a thorough risk assessment to demonstrate this.
- Supported by a routine testing programme that includes meat speciation DNA testing where appropriate to demonstrate the ongoing effectiveness of standard operating procedures.
- Produced in premises that are independently Halal approved and covered by a valid Halal certificate issued by a recognised Muslim Halal authority in the country of slaughter and production.

Evidence for Halal certification for each product is available for customers on request (Customer Services Team on 0345 6069090).
